

Man killed in Shrewsbury St. crash

Ian D. Leedom, 58, of 11 Ptarmigan Dr., Shrewsbury, was killed when his car hit a tree on Salisbury Street in Holden on April 16 around 9:30 p.m. Leedom's car sped up, rolled over once and slammed into the tree, Holden Police Lt. Donald Ball said April 17.

Police are investigating the possibility that a medical condition caused Leedom's accident.

A witness heading south on Salisbury Street behind Leedom's Volkswagen told police Leedom's driving was reasonable and appropriate until just before the crash.

Leedom was dead at the scene, but the nature of the crash made extrication difficult. Crews worked until the early hours Thursday at the scene.

A section of Salisbury Street from Lexington to Mark Circle was off limits to traffic for three hours because of the crash.

Holden's paramedic squad, Lt. Ball and Holden officers Anthony F. Gribbons and Michael Joslyn were among the first on the scene.

State Trooper Steven Marsh of the accident investigation team is investigating the incident along with Ball and Officer Gribbons.
