Public Safety Building open house scheduled

Add a comment

HOLDEN — There will be a ribbon cutting and open house at the Public Safety Building Saturday.

Festivities at the new building at 1370 Main St. for the police and fire departments and ambulance service will last from 10 a.m. to 4 p.m.

Those attending can tour the facility, learn about public safety, meet the town's first responders and, town officials say, have the experience of "lock up your loved one or friend." There also will be an opportunity to donate to the Wachusett Food Pantry.
