Alert neighbor helps catch break-in suspect

[1 comment](#) | [Add a comment](#)

PAXTON — A Worcester man was arrested yesterday on burglary charges after an alert neighbor took down the license plate number of the alleged getaway car.

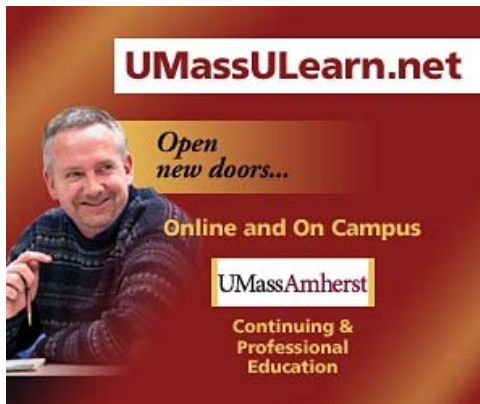

Larry Frost, 29, of 30 Richards St., Worcester, was arrested and charged with breaking and entering, attempted breaking and entering, and burglary.

Police said they got a call about 11:40 a.m. reporting a possible break-in on Richards Street. The caller described a gray 2007 Dodge Caliber and gave police the license plate number. An alert with the description of the vehicle was issued to area police departments.

A short time later, police in Worcester saw the car and pulled it over. Mr. Frost was a passenger in the car; police did not identify the driver, and said the driver has not been charged with a crime. Paxton police came to the area, arrested Mr. Frost and took him to the Paxton police station. Mr. Frost also had an outstanding warrant for failing to appear in court.

Police Detective Jason Silvestri is investigating the break-in, and police are working to determine whether the case is connected to other break-ins in surrounding towns.
